ABOUT US

ASM International founded in 1913 and headquartered in Ohio, USA, is the world's largest and most established materials information society.

ASM International India Chapter established in 1979, is a member- and volunteer-driven organization dedicated to serving industry through high-quality information on materials and processes. We achieve this through technical talks, educational courses, industry visits, conferences, and expositions.

ASM offers a global network of peers and provides expert support to help members and organizations achieve superior materials-related outcomes.

We also print the Souvenir advt table and suitable contact person: Contact Mr. Jayesh Mukadam, Treasurer, (Email: jayeshmukadamasm@gmail.com).
